

Example: Earned Information Message 32

From: Exercise Control

To: Reentry Team Controller

Time: See special instructions

Subject: **Damage Assessment**

Special Instructions: Provide to the Reentry Team Leader after the team enters the building

This is an Exercise

#1. Show the Reentry Team the digitized photographs of the interior damage.

#2. Provide the information attached to each photograph. Example of the information attached to the photograph: The hallway is smoky. The right side walls show smoke, fire, and water damage from floor to ceiling. The ceiling tiles have fallen to the floor due to water damage. The left side wall shows the exterior wall covering (sheet rock) has been destroyed. The steel studs are twisted and appear ready to collapse. There is a 6-foot hole in the left side wall beginning three feet from the entrance. The floor is covered with debris.
